

YHCR Training Academy

- The YHCR Training Academy is now available to all learners who are looking to enhance their knowledge and skills around the shared care record.
- Health Education England e-learning for healthcare has worked with the YHCR to develop a new platform to support people and teams through the adoption process.
- This new programme has been developed to support health and social care workers in their ambition to be self-sufficient when assessing and deploying the shared care record and helps overall to increase onboarding efficiencies.
- Core learning modules
 - How information sharing supports a person's health
 - What is the YHCR
 - How do I commission the shared care record
 - How do I deploy the programme
- To compliment this e-learning programme the YHCR team is also providing access to the LinkedIn Learning Platform showcasing a range of video courses which are taught by industry experts on topics related to the shared care record adoption.
- Please find the link to access the programme [Yorkshire and Humber Care Record - elearning for healthcare \(e-lfh.org.uk\)](https://www.yorkshireandhumbercarerecord.org.uk/e-learning-for-healthcare)
- Any enquiries should be directed to Adam Brown, Senior Project Manager Hnf.yhcr@nhs.net
