

Delivering the Yorkshire and Humber Care Record to GP Practices in HCV

Understanding data displayed within the YHCR Interweave Portal

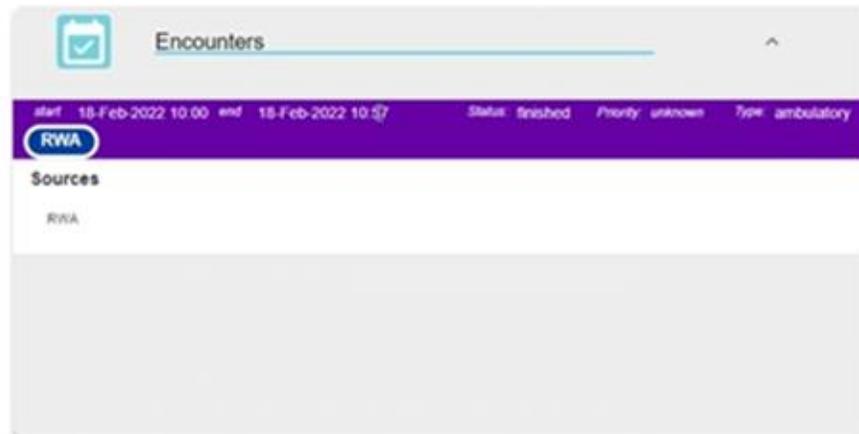

May 2022

Provider Information on Summary Page

Provider of information is showing the providers **ODS code only**.

This will be changed in Version 2 of the portal to show provider organisation rather than the ODS code.

Example:

ODS for current Data Providers:

RCB - York Teaching Hospital Foundation Trust

RCD - Harrogate and District Foundation Trust

218 - North Yorkshire County Council

RJL - Northern Lincolnshire and Goole Foundation Trust

RWA - Hull University Teaching Hospital

RV9 - Humber Teaching Foundation Trust

Encounters Panel

The **Location** field will display a *date only* if clinic information is not provided

The **Participant(s)** field will display *a date only* if Participant(s) name has not been provided

Example:

Period	Location	Location Status	Location Period	Participant(s)	Participant Type
<i>start</i> 02-Nov-2021 13:50 <i>end</i> 02-Nov-2021 16:22	<i>start</i> 02-Nov-2021 13:50 <i>end</i> 02-Nov-2021 16:22	completed	<i>start</i> 02-Nov-2021 13:50 <i>end</i> 02-Nov-2021 16:22	<i>start</i> 02-Nov-2021 <i>end</i> 02-Nov-2021	Consultant
<i>start</i> 12-Oct-2021 09:40 <i>end</i> 12-Oct-2021 11:48	<i>start</i> 12-Oct-2021 09:40 <i>end</i> 12-Oct-2021 11:48	completed	<i>start</i> 12-Oct-2021 09:40 <i>end</i> 12-Oct-2021 11:48	<i>start</i> 12-Oct-2021 <i>end</i> 12-Oct-2021	Consultant

Episodes of Care Panel

The Episode of Care **Type field** is showing an abbreviation only.
Work is on-going to align the **Type field** to display the full name rather than just an abbreviation.

Abbreviation meaning:

- **RFINPAT** - Inpatients
- **OTPAT** - Outpatients
- **RFAE** - Emergency Department
- **OBSTRETRICS** - Obstetrics
- **RFAHP** - Professional Staff Group - AHPs such as physio etc

Understanding errors

Error messages in the Portal can be related to data being sent to us by health and care organisations. A **red error box** (bottom of page) alerts the user to errors. Errors can be explored using the side bar or from the panels themselves.

The screenshot shows a user interface with a blue header containing 'Gender' and 'NHS No.'. Below the header, it says 'Demographic Data provided by YORKSHIRE AND HUMBER CARE RECORD'. The main content area is titled 'Summary' and contains three panels: 'Encounters' (4 records, 0 in last 3 months), 'Medications' (5 records), and 'Episodes of Care' (0 records). At the bottom, a red error box displays the message: 'Errors detected. Check right-hand sidebar for details'.

The sidebar contains two error notifications: 'Some data providers were detected as being offline' (with a yellow warning icon) and 'One or more errors were detected' (with a red error icon). Below these is a 'VIEW' button. The 'Filter Providers' section lists several providers with toggle switches: All Providers, QRA-GPCONNECT-ADAPTER, Airedale, Huddersfield & Calderdale, York Teaching, QRA Test, and Provider 1.

The detailed error view has two tabs: 'SUMMARY' and 'DETAILED ERRORS'. The 'SUMMARY' tab shows a yellow warning icon and the text: 'The following data providers were detected as being offline'. Below this, a list of providers is shown: 'Provenance' and 'LEEDS TEACHING HOSPITALS NHS TRUST'. The 'DETAILED ERRORS' tab shows a red error icon and the text: 'The following errors were detected'. Below this, two error messages are listed: 'Provenance' and 'MID YORKSHIRE HOSPITALS NHS TRUST' with the specific error 'FHIR request timed out'.

Displaying of unknown data

The use of the term ***unknown*** means that the data is not being provided by the organisation. As we continue to work with providers on their data maturity, we expect this issue to be resolved, however, until then and to avoid any confusion, we are changing ***Unknown*** to ***Not provided***.

Period	Location	Location Status	Location Period	Participant(s)	Participant Type	Type	Status	Priority	Diagnosis
start 15-Dec-2020 12:00 end 31-Dec-2021 12:23	unknown	active	unknown	unknown	unknown	unknown	finished	unknown	unknown
start 05-Apr-2021 13:58 end 05-Apr-2021 14:28	unknown	active	unknown	unknown	unknown	emergency	in-progress	unknown	unknown
start 15-Dec-2020 12:00 end 31-Dec-2020 12:23	unknown	active	unknown	unknown	unknown	unknown	finished	unknown	unknown
start 05-Apr-2021 13:23 end 05-Apr-2021 13:53	unknown	completed	start 05-Apr-2021 13:23 end 05-Apr-2021 13:53	Dr Adam Careful start 05-Apr-2021 end 05-Apr-2021	unknown	home health	finished	unknown	unknown
